

Double Major Application Guidelines, 2024-1

Under the University Constitution and Regulations in Chapter 4, Section 3, Article 35
Academic Operations Regulation Chapter 6, Section 2, subsection 1 on Double Major

1. Eligibility

This regulation applies to freshmen admitted in 1997 onwards

- 1) Applicants whose 1st major have already been designated are eligible to apply for double major
- 2) Applicants should have registered for more than 3 semesters. (Transfer students can apply after completing a minimum of one semester at Korea University.)
- 3) KU students who are currently registered for [2023-2 semester](#).
Students who are on leave of absence at the time of (or during) the application period semester will be disqualified even after being announced as successful applicants. Students currently attending SEP/VSP program may not apply for double major.
- 4) Students who are already in double major, interdisciplinary major, student-designed major and engineering authentication certificate program are NOT eligible to apply unless students withdraw from the program before **November 3 (Fri), 2023**.
 - (1) Students who would like to cancel the acceptance of double major(including interdisciplinary major, student-designed major) and apply for other programs should complete the withdrawal procedure.
 - (2) Re-application to the double major(including interdisciplinary major, student-designed major) can only be accepted once.
 - (3) Failed applicants for double major(including interdisciplinary major, student-designed major) should pursue a single intensive major.
- 5) Students are NOT allowed to double major in Law School, Division of Computer and Communication Engineering, College of Medicine, College of Nursing, Cyber Defense, and College of Pharmacy.
(Student cannot apply to the contract department system majors(계약학과))

Students may apply for some majors established in 2021 (Please check below for details)

Seoul Campus: Department of Integrative Energy Engineering, School of Smart Security, and Department of Data Science
Sejong Campus: Big Data Science, Division of Cultural Heritage Convergence, Department of AI Cyber Security,
and Division of Smart Cities

(Sejong Campus) German Studies will be limited to only those who changed their 1st major due to the elimination of German Studies.

6) Eligibility of Each Department
(1) Seoul Campus

- Department of Computer Science and Engineering: applicants should have completed COSE101 COMPUTER PROGRAMMING I and COSE102 COMPUTER PROGRAMMING II
- Department of Mathematics Education: applicants should have completed MATH161 CALCULUS WITH LAB I and MATH162 CALCULUS WITH LAB II

(2) Sejong Campus

Electro-Mechanical Systems Engineering (freshmen admitted in 2004 onwards); Applicants should have completed DSSP161, 162, and DCSC161, 162 and obtain an overall GPA of B+ (3.5) or above.

*Applicants for majors indicated above must check their eligibility before applying

2. Application Schedule

	Schedule	Details
Application	November 8 (Wed)10:00, 2023 ~ November 10 (Fri)17:00, 2023 (online application runs for 24hours)	<u>On-line Application at Portal</u> Must submit ‘Statement of Purpose (Study Plan) (if required)
Announcement of successful applicants	December 29 (Fri), 17:00 2023 (To be confirmed)	Portal->Bulletin->Notice ->Academic Schedule

※ Please be advised that applicants should complete online application 1~2 hours before the deadline. Any late application due to technical problem of individual computer is NOT accepted.

3. Application Details

Types of Student	Application Details and Restrictions
Freshmen admitted before 2003	<ul style="list-style-type: none"> ● Cross-Campus Double Major is permitted and applicants may apply for first preference only. Freshmen admitted in 1997 and 1998 are limited to apply within the same field of their 1st major. Students from Physical Education Department and School of Art and Design are exception to this regulation. ● Students selecting an identical or similar department established on both the Seoul and Sejong campuses to fulfill the double major option should do so at the campus to which his/her first major is affiliated. ● Please refer to the attachment 1 for departments available for cross-campus double majoring. ● Law School, Computer Education, College of Information and Communications, School of Medicine, College of Nursing, Dept. of Cyber Defense, College of Pharmacy are excluded from this program. Departments at College of Education are limited only to those who designated their 1st major within the College of Education (Computer Education excluded).
Seoul Campus Students admitted in 2004 onwards	<ul style="list-style-type: none"> ● Students are eligible to apply up to 2nd preference at Seoul Campus. ● Law School, College of Information and Communications, School of Medicine, College of Nursing, Dept. of Cyber Defense, College of Pharmacy are excluded from this program. Departments at College of Education are limited only to those who designated their first major within the College of Education(Computer Education excluded). ● Cross-campus double major is allowed only when certain major(s) is NOT offered at Seoul Campus. Sejong majors which Seoul Students are eligible to apply for; <ul style="list-style-type: none"> - Dept. of Electro-Mechanical Systems Engineering - Division of Smart Cities - Dept. of Korean Unification, Diplomacy and Security - Dept. of Cultural Heritage Convergence - Dept. of Creative Writing and Media Studies - Dept. of Culture Contents ● Please refer to attachment 2 for the detailed list of majors students are eligible to apply at Seoul Campus. ● Please refer to attachment 4 for the detailed list of majors Sejong students are eligible to apply at Sejong Campus.
Sejong Campus Students admitted after 2004	<ul style="list-style-type: none"> ● Students are eligible to apply up to 2nd preference within Sejong Campus. ● Cross-campus double major is allowed only when certain major(s) is NOT offered at Sejong Campus. ● Please refer to attachment 3 for the detailed list of majors Sejong students are eligible to apply at Seoul Campus.

Others	<ul style="list-style-type: none">● Department(s) /School(s) that student cannot apply due to abolishment of majors(Dept.); College of Health Sciences- College of Health Science: freshmen admitted in 2006 ~2013 are NOT eligible to apply double major within the college.- Students from other colleges/schools are limited to apply for 1)Biomedical Engineering 2)Biosystems and Biomedical Science 3)Health and Environmental Science 4) Health and Policy Management within the College of Health Sciences.- College of Education (Computer Education) and College of Information and Communications are excluded from this double majoring program.
--------	--

※ All courses offered by the Division of International Studies are lectured in English.

4. Selection Criteria and Student Quota

	Freshmen admitted in 2003	Freshmen admitted in 2004 onwards
Selection Criteria	Overall GPA (including previous semester)	1) Each department screens the applicants based on their academic performance. (Both first and second preference) 2) Students with their 2nd preference may be filled if there is any place available.
	<ul style="list-style-type: none"> Applicant's overall GPAs from previous semesters (including F) are included in the application. Department or Division may include interview or Statement of Purpose as part of their selection process. Please refer to the Table below	
Student Quota	Number of successful applicants is determined by each department/division	

<Seoul Campus>

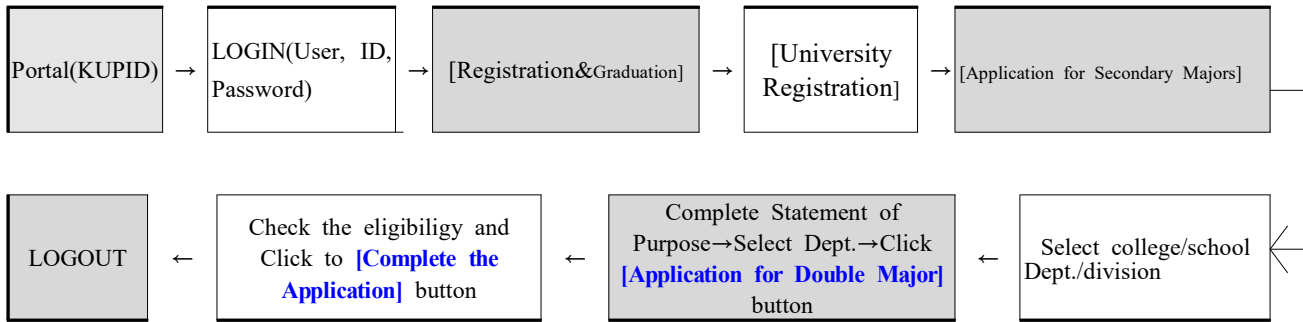

College	Selection Criteria
Business School	<ul style="list-style-type: none"> Selection Process: Overall GPA + Statement of Purpose Documents Required : Statement of Purpose
College of Liberal Arts	Department of Philosophy <ul style="list-style-type: none"> Selection Process: Overall GPA + Interview All applicants who applied for Department of Philosophy (Both first and second preference)
College of Political Sciences and Economics	<ul style="list-style-type: none"> Selection Process: Overall GPA + Statement of Purpose Documents Required : Statement of Purpose
College of Informatics	Department of Computer Science and Engineering <ul style="list-style-type: none"> Selection Process: Overall GPA + Statement of Purpose Documents Required : Statement of Purpose Applicants should have completed COSE101 COMPUTER PROGRAMMING I and COSE102 COMPUTER PROGRAMMING II
College of International Studies	Division of International Studies <ul style="list-style-type: none"> Selection Process: Overall GPA + Interview (English) Interview : -Freshmen admitted before 2003 -Freshmen admitted after 2004 with their 1st preference in Division of International Studies

College	Selection Criteria
College of Education	Physical Education <ul style="list-style-type: none"> • Selection Process: Overall GPA + Interview: • Interview : -Students who were admitted as freshman before 2003 -Students who were admitted as freshman after 2004 with their 1st preference in College of Education
	History Education <ul style="list-style-type: none"> • Selection Process: Overall GPA + Statement of Purpose • Documents Required : Statement of Purpose
	Mathematic Education <ul style="list-style-type: none"> • Selection Process: Overall GPA + GPA of specific elective courses (please check below) Applicants should have completed MATH161 CALCULUS WITH LAB I and MATH162 CALCULUS WITH LAB II

<Sejong Campus>

College	Selection Criteria
College of Science & Technology	Department of Advanced Materials <ul style="list-style-type: none"> • Selection Process: Overall GPA + Statement of Purpose • Documents Required : Statement of Purpose
	Department of Biotechnology and Bioinformatics <ul style="list-style-type: none"> • Selection Process: Overall GPA + Interview + Statement of Purpose • Documents Required : Statement of Purpose
	Department of Electro-Mechanical Systems Engineering <ul style="list-style-type: none"> • Selection Process: Overall GPA + Interview + Statement of Purpose • Documents Required : Statement of Purpose <p>Applicants should have completed DCSC161 CALCULUS I, DCSC162 CALCULUS II, DSSP161 GENERAL PHYSICS AND EXERCISE I, DSSP162 GENERAL PHYSICS AND EXERCISE II and overall GPA should be 3.5 or above.</p>
	Department of Environmental Engineering <ul style="list-style-type: none"> • Selection Process: Overall GPA + Interview + Statement of Purpose • Documents Required : Statement of Purpose
College of Culture and Sports	Culture Contents in Division of Culture Creativity <ul style="list-style-type: none"> • Selection Process: Overall GPA + Statement of Purpose • Documents Required : Statement of Purpose

※ Dates and Place of Interview will be notified at PORTAL (Portal->Bulletin->Notice->Academic Calendar) after the deadline. For further details please contact the department office.

5. How to Apply

※ If a student does not wish to select 2nd preference, please select “NOT APPLICABLE”

※ Click **[Application for Double Major]** button to start application for double major. **You must click [Complete the Application] to submit your application.**

※ Applicant can NOT make any changes after clicking ‘Complete the Application’. Please check all instructions carefully. **The deadline of application for double major is November 10 (Fri) 17:00, 2023.**

※ Please be advised that applicants should complete the online application 1~2 hours before the deadline. Any late application due to technical problems of individual computer is NOT accepted.

※ As for statement of purpose, student should write it directly at the Portal page.

6. Instructions

Student Type	Instruction
freshmen admitted before 2003	① Students who are pursuing a double major, interdisciplinary major or engineering authentication certificate program are ineligible to apply unless students withdraw from the program. ② Student who wishes to withdraw his/her double major program and graduate only with single major should submit a request for a withdrawal at least one month before the end of the semester (by January 20th or July 20th). Students must meet graduation requirements to complete 1st major.
freshmen admitted from 2004 onwards	① Freshmen admitted from 2004 onwards; Students who intend to complete a double major may apply within the application period of time from the third semester. ie) A student who failed to participate from 3rd or 4th semester could re-apply the following semester. Re-application to a double major could only be accepted if a place is available in a department he or she applies to. ② Student who wishes to cancel current double/interdisciplinary/engineering authentication program and re-apply, must complete withdrawal procedure within the specified period of time. Re-application to a double major could only be accepted if a quota is available. ③ If a student fails to be re-accepted, she/he shall continue an intensive course of the first major. ④ Student who wishes to cancel the acceptance and pursues an intensive course of the first major should complete withdrawal procedure as well.
Withdrawal Procedure	Double/Interdisciplinary Major → go to PORTAL Engineering Authentication Certificate Program → Visit department office

7. Guidelines for freshmen admitted from 2004 onwards

- 1) The mandatory regulation of completing a second major is applied to students entering from 2004 onwards. Student subject to this regulation must complete one of the followings; 1) intensive major course of first major 2) double major 3) interdisciplinary major 4) student-designed major. (Applicant who is transferred with a bachelor's degree can choose not to complete a second major.
- 2) Intensive major course of 1st major assumes a similar form to the existing single major system.
- 3) Student who wishes to cancel current double/interdisciplinary/engineering authentication program and re-apply, shall complete withdrawal procedure by **November 3 (Fri) 2023**. Re-application to the double major (including interdisciplinary major, student-designed major) can only be accepted once.

8. Credit Completion and Approval

- 1) Double major courses which students have already completed before the approval of the application shall be approved as double major credits. The approval of the credits earned should be determined by each department's academic regulations.
- 2) Double major students may graduate only after satisfying the graduation requirements established for both first and double major by their departments.
- 3) Students' graduation will not be confirmed if graduation requirements for either first and double major are not completed.
- 4) Freshmen admitted in 2003;
Students withdrawing from a double major program after commencing it shall be conferred a degree with the first major.
Freshmen admitted in 2004 onwards;
Student must complete either a second major (Interdisciplinary major, double major or student-designed major) or intensive major course of the first major.
- 5) Upon satisfying the graduation requirements of both the first and double major, students shall be conferred with the bachelor's degree of each major.
- 6) For any questions related to the curriculum and graduation requirements please contact the relevant department or college.

9. Certificates and Degree Conferral

- 1) Double major completion shall be transcribed on each certificate as follows;
 - Certificate of Studentship: First and Double Majors
 - Academic Transcript: First and Double Majors
 - Certificate of Graduation: First and Double Majors
- 2) Certificate of Graduation shall be issued together for the first major and double major.
